# Smart Coffee Tub

To be consumed especially on Mondays! Elevate coffee is more than just a delicious coffee! Elevate is a great tasting micro-ground, functional coffee that contains a proprietary blend of Nootropic ingredients designed to assist with mental clarity, memory and energy. The Nootropics in Elevate are all-natural amino acids typically found in protein-rich foods but not always easy to get from diet alone. Nootropics are recognized for supporting cognitive function, memory, creativity and even motivation in healthy individuals. So when you need a boost, get “elevated” with Elevate Coffee.
